

Sumário

Engenharia de completção de poços- 3ª ed.

Chapter 1 - Basis of Well Completion Engineering

Chapter 2 - Well Completion Method Selection

Chapter 3 - Selection and Determination of Tubing and Production Casing Sizes

Chapter 4 - Completion and Perforating Fluids

Chapter 5 - Production Casing and Cementing

Chapter 6 - Perforating

Chapter 7 - Well Completion Formation Damage Evaluation

Chapter 8 - Measures for Putting Well into Production

Chapter 9 - Well Completion Tubing String

Chapter 10 - Wellhead Assembly

Chapter 11 - Oil and Gas Well Corrosion and Corrosion Prevention
